## March 2024

*Last month was very busy in school. We celebrated safer internet day, had our very positive parent consultation meetings and of course had our amazing GANAS share day. Class teachers have been busy in the background continuing work on our curriculum designs and ensuring children are remembering what they've learned with our retrieval practice. Ask the children what they've learned in D&T and what story they are reading in their English lessons?*

### Coming up in March...

We are looking forward to lots of extra curricular activities this month that promote the hidden curriculum skills such as social and cultural development and teamwork. These include educational visits and visitors, performances by the choir and Rock Steady bands and our Easter fair and our Spring Sing.

### HIGHLIGHT

February's highlight was definitely our GANAS day when the children brought in their AMAZING homelearning projects.
